Murad's Environmental Shield restores, repairs and protects your skin to help lock out the environmental stressors.

Rediscover radiant skin

SKIN-damaging environmental toxins are all around us.

Everyday, pollution and smog fill the air and stress saps our natural antioxidants and creates free radicals while the sun, wind and the punishing climate strip our skin of essential moisture and the protective barrier essential to glowing, healthy skin. This results in dry, uneven skin prone to flaking, discoloration, sagging, fine lines and furrows.

Through the power of Resilient-C Complex and the science of cellular water, Murad's Environmental Shield restores, repairs and protects your skin to help lock out the environmental stressors that lead to environmental ageing.

Take this test to check if your skin is at risk for environmental ageing.

Tick the statements that are true: -

- Top of Form**
- I live in an area with vehicle and/or manufacturing pollution.
- I live in a dry climate or work/live in an air-conditioned environment.
- I consume non-organic foods.
- I consume refined sugar and/or foods made with white flour.
- My skin is exposed to sun frequently.
- I have a family history of sun damage or skin cancer.
- I am exposed to cold or wind.
- I smoke, or am exposed to second hand smoke.
- I have had at least one severe sunburn in the past.
- I consume alcohol and/or prescription or over-the-counter medications.

Bottom of Form

If you ticked one to three, you are at moderate risk. If you ticked four or more, you are at high risk

Environmental Shield is the first skincare system for all ages and all skin types created to rapidly and naturally help reverse the signs of environmental skin ageing while protecting skin from future damage.

At the heart of its regimen is Active Radiance Serum featuring Resilient-C Complex. This advanced antioxidant technology harnesses the power of Vitamin C to deliver 50 times the collagen-building, skin-brightening and cell-protecting strength of ordinary Vitamin C.

This helps reverse the appearance of fine lines and furrows; fade sun and age spots in weeks; smoothen rough, dry, blotchy skin; boost skin hydration at the cellular level for firm, glowing, youthful skin and block environmental toxins that lead to premature ageing.

Murad, Inc was founded in 1989 by Dr Howard Murad, MD. He is one of the world's foremost authorities on skin health and a pioneer of the clinical skincare movement. All Murad's 88 consumer products and 45 professional products are based on The Science of Cellular Water, Dr Murad's unified theory of health and aging.

Murad is sold in 45 countries and is the number one selling clinical skincare brand at many locations around the world.
