

# Towards blemish-free skin

**M**ANY skincare products contain benzoyl peroxide, a harsh ingredient that can irritate and dry out skin and even make breakouts look worse.

Murad Blemish Complex products do not contain benzoyl peroxide. They are specially formulated with hydrating agents, anti-inflammatory, antioxidants and specific blemish-fighters, which work together to provide the best environment for achieving optimal skin health.

These patented, high-performance solutions deep cleanse and help eliminate blemishes without dehydration or irritation.

Murad skin care products are different. These products help to balance oil production to soothe inflammation without drying out your skin.

Murad products are scientifically proven to address all of the factors that cause breakouts. The Blemish Complex Regimen makes skin healthy, clearing breakouts. With it, you can achieve clear,

healthy, beautiful skin in less than four weeks.

To cleanse and tone use the Clarifying Cleanser that has maximum strength cleansing gel. It prevents breakouts on blemish-prone skin.

Also to treat and repair the skin, use the Exfoliating Blemish Treatment Gel. This patented Hydrogen Peroxide delivery enables Retinol, Glycolic and Salicylic Acids to penetrate deeply for maximum effectiveness.

Blemish Spot Treatment has the power to deliver effective, on-the-spot blemish control the moment you feel a blemish developing. Its convenient size makes it easy to deliver treatment to a stubborn blemish anytime, anywhere. It soothes redness and irritation with anti-inflammatory Licorice Extract and Allantoin. Protection and hydration is important for the

The Blemish Complex Regimen helps you attain clear skin in less than four weeks.

skin. The Skin Perfecting Lotion from this range minimises pores

and the skin texture is refined by this ultra-light, oil-free moisturising formula.

For a healthy skin, develop a daily skincare regimen. It should include exfoliation and pore cleansers to deep cleanse and slough off pore clogging dead skin cells. Use a full-spectrum Ultra Violet sunscreen to prevent hyper pigmentation and to preserve skin elasticity.

Ensure that you do not stray

from your skincare routine. Daily use of Murad's high-performance solutions will help reduce the symptoms of acne. But even when the symptoms are diminished, you must keep using the products to prevent future occurrences. Consistency is essential to managing and controlling acne.
